Proceedings:

Agenda 1: Discussion on future plans.

The members of the cell discussed various measures to encourage faculty members of the college to increase their research output. Specific actions suggested included motivating faculty to publish more articles in reputable journals (Scopus/WoS core list/Web of Science) and providing support to those preparing for the NET/SET examinations.

Agenda 2: Encouraging Minor Research Projects

To enhance the research culture within the institution, the group deliberated on strategies to inspire faculty members to undertake minor research projects.

Agenda 3: Encouraging teachers to participate in various Teachers' Training Programs.

The importance of continuous professional development was emphasized. The members discussed ways to encourage faculty to participate in various teachers' training programs such as Faculty Induction Program (FIP), Faculty Development Programs (FDP), Orientation programs on NER, workshop on ICT tools, refresher courses, and similar initiatives to improve their teaching skills and stay updated with the latest pedagogical methods.
