Proceedings -

Agenda 1: Departmental magazines and journals.

The cell reviewed ideas for encouraging departments to launch and sustain the publication of departmental magazines, journals & newsletters. It was agreed that such publications would showcase the academic and creative achievements of faculty & students.

Agenda 2: Application for Patents.

The members emphasized the need to support faculty in applying for patents for their innovative and scientific work. Guidance on the patenting process and workshops on intellectual property rights were proposed.

Agenda 3: Creation of e-resource center.

Recognizing the growing importance of ICT in education, the cell discussed ways to motivate faculty members to develop e-resource centers. The digital resources would aid in enhancing the teaching-learning experience.
